Skin Deep in Huntington Beach

#### SPAS

## Ommm-igosh!

The new **Zen Water Experience** at Skin Deep in Huntington Beach includes trickling waterfalls, a warm rain, mud purifiers and mineral baths. On most days, it's coed, so bathing suits are required; your Zen Guide takes you safely and serenely from one Portal Enclosure to the next. Start with a gentle cleansing under light rain showers that can accommodate two people; you apply a Golden Moor body scrub. Apply detoxifying Golden Moor Mud in the Mud Room, then step into the spacious Steam Room for about 10 minutes. Refresh in the Cascade Cleanse shower, then submerge yourself in the mineral-rich "hot spring" bath. p. 87
